Department of Mechanical Engineering (Tool&Die)

Academic Report 2022-2023

Er.PERUMAL MANIMEKALAI POLYTECHNIC COLLEGE

Vision of the Institution:

PMC Tech –Polytechnic College shall emerge as a premier Institute for valued added technical education coupled with Innovation, Incubation, Ethics and Professional values.

Mission of the Institution:

1. To foster the professional competence through excellence in teaching and learning.
2. To nurture overall development of students by providing Quality Education & Training.
3. To provide innovative environment to learn, innovate and create new ideas for the betterment of oneself and society.

DEPARTMENT OF MECHANICAL TOOL & DIE ENGINEERING

Vision of the Department:

To Develop eminent, innovative professional Tool and Die Diploma holders by imparting value added education, embedded with employable skills

Mission of the Department :

- To provide competency based quality Tool and Die Engineers by strong theoretical and practical training.
- To provide breeding ground for innovation and leadership through skill development in Tool Design.
- To enhance continual career development and improve employability skills.

PROGRAMME EDUCATIONAL OBJECTIVES

Our Diploma students will be able to

- PEO1:** Have a successful career in the field of the Tool and Die Engineering Design, Manufacturing, Maintenance and Inspection.
- PEO2:** Become a skilled technician in handling various convention and non convention machines by adopting new technologies.
- PEO3:** Fulfill the demands of industries with good communication, positive attitude and team spirit.

PROGRAMME SPECIFIC OUTCOMES

- PSO1:** Prepare Tool drawing and make Die Mould part by operating Conventional and Non conventional machines.
- PSO2:** Design and fabricate jigs, fixtures, press tools and plastic moulds for customer needs.
- PSO3:** Apply knowledge and skills with design and development of a project work in the field of Tool and Die making.

PROGRAMME OUTCOMES

- PO1: Basic and Discipline specific knowledge:** Apply knowledge of basic mathematics, science and engineering fundamentals and engineering specialization to solve the engineering problems.
- PO2: Problem analysis:** Identify and analyse well-defined engineering problems using codified standard methods.
- PO3: Design/ development of solutions:** Design solutions for well-defined technical problems and assist with the design of systems components or processes to meet specified needs.
- PO4: Engineering Tools, Experimentation and Testing:** Apply modern engineering tools and appropriate technique to conduct standard tests and measurements.
- PO5: Engineering practices for society, sustainability and environment:** Apply appropriate technology in context of society, sustainability, environment and ethical practices.
- PO6: Project Management:** Use engineering management principles individually, as a team member or a leader to manage projects and effectively communicate about well-defined engineering activities.
- PO7: Life-long learning:** Ability to analyse individual needs and engage in updating in the context of technological changes.

Other College Symposium Event :

Our Department students participate in National Level Technical Symposium at various colleges

S.No	Name of the Colleges	Achievement
1	Excel Polytechnic College, Namakkal	Second Prize
2	Kongu Polytechnic College, Erode	Third Prize
3	Government Polytechnic College, Dharmapuri	First Prize
4	Government Polytechnic College, Kelamangalam	Second Prize

Students Seminar :

Internal seminar has been conducted as per DOTE Guide lines students should present individual topic for final year students and group seminar presentation for second year students

The following topic Present :

1. Advanced Manufacturing Technology
2. Injection Moulding Process
3. Heat Treatment process and Modern welding Technology
4. Press Working Operation
5. Measuring instruments
6. Forgable Materials
7. Injection Mould Maintenance and Repair systems
8. Compression and Transfer Moulding Process
9. Blanking tool design return through type
10. Selection of material from jigs and fixtures
11. Industry 4.0
12. IOT Process for Manufacturing Industries
13. Tool Maintenance Process
14. Alternation of injection mould
